

3000 Series

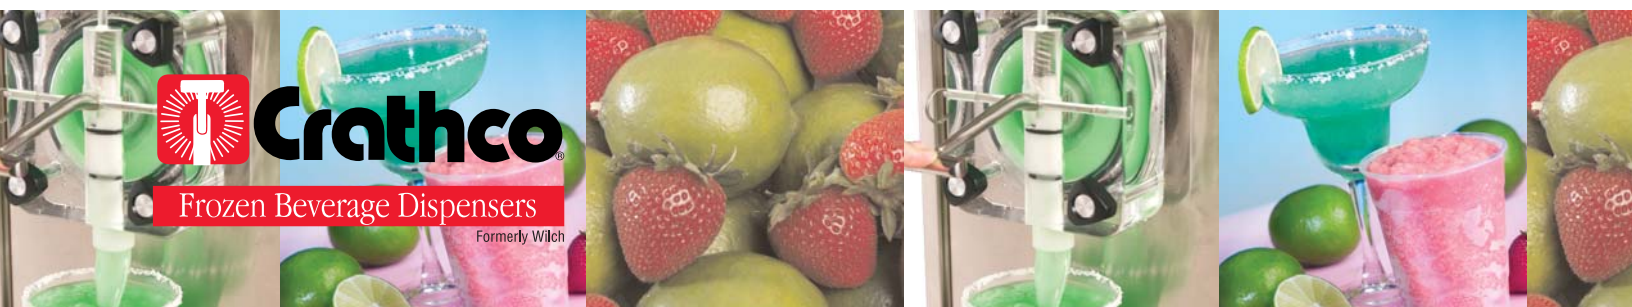

Pressurized Autofeed Beverage Freezers

Canister and base cart not included.

MODEL 3361B

Pressurized autofeed freezers serve a variety of pre-mixed frozen beverages while providing an ideal solution for reducing labor and maintenance requirements in medium to high volume locations.

Crathco

Frozen Beverage Dispensers

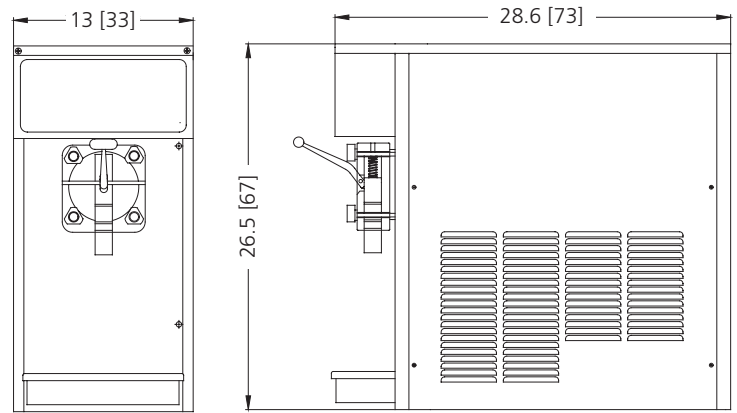

Formerly Wilch

3000 Series

Pressurized Autofeed Beverage Freezers

Features:

- Freezing cylinder automatically refills from remote bulk storage tank... no need to wait for product to refreeze. Ideal for high-volume batch mixing and rental applications.
- Simple autofill mechanism uses compressed air to push product from bulk storage containers to the freezing cylinder, reducing product handling and labor
- Closed system design provides extra protection against product contamination
- Versatile... serve frozen cocktails, granita, frozen fruit juices, frozen lemonade or slush.
- Patented FlavorLight™ illuminates the frozen product...your choice of eye catching back-lit signs draw customers and increase sales
- Compact...More than double the output capacity of visual freezers, only 13" (33 cm) wide.
- "Mix Low" light indicates when mix is low in the bulk storage tank
- Reliable mechanical consistency control... dispenses perfect product under all operating conditions.
- Oversize drive motor, rugged belt and heavy duty components keep freezers running when you need them most
- Optional front mounted spinner blends in an unlimited variety of custom flavors
- Optional matching base stand with casters converts a counter model to a floor model (as shown on front)
